

# Prairie District PROFILE

Summer 2015

**Superintendent  
Tim & Lynn Seim**

Who has come to faith in Christ from your personal witness or through your church ministry over the past year? In April I asked that question of our district staff. I

received 15 responses with enthusiastic stories of God still calling people of all ages to faith in Christ by His grace.

Some of the stories are so amazing only God could have pulled them off. A woman posted a question on Facebook questioning her Mormon faith and a woman from an EFC church engaged with her, first on Facebook and then in person. Both the woman and her husband are now followers of Christ.

A number of responses spoke of children encountering faith in Jesus through after-school programs in the public school and also church kids' ministries. A junior high boy came to Christ through the friendship of a Christian friend.

Another common thread were the stories of seniors coming to Christ. God sent believers to nursing homes to care for these people in times of suffering and loss, and the message of Christ was received.

A God-encounter in a parking lot led to a conversation in which a caring believer spent time with a hurting person who then came back to Christ, responding to His call. Stories of first Christians in their families bringing a witness through baptism was another common theme.

A man came to the place of finding God's saving grace and receiving Christ as Lord and Saviour from a life of abuse, failed relationships and continued life hardships.

A woman called a church asking for prayer. Someone contacted her and

not only prayed for her, but also met with her to care for her needs and to witness of Christ's love. The woman in need of prayer immediately began to attend church and bring her family. Many pre-evangelism stories were told of people sharing Christ with neighbours and friends in crisis, encounters designed by the Lord.

A man contacted a church asking questions about his involvement with the Jehovah's Witness. A person in the church with the same background followed up only to have the inquirer come to saving faith and now be disciplined by his new friend. An employer shared Christ with an employee who came to know Christ and become part of the local church.

"Do not say 'four months more and then the harvest.' I tell you, open your eyes and look at the fields! They are ripe for harvest." *Jesus*

## Newly Elected Superintendent

Prairie District delegates voted unanimously on the acceptance of Rob Cave as the next district superintendent. Originally from North Battleford, SK, Rob has served EFC churches in AB and BC. Following 10 years of ministry at Christ Community (EFC) Church in Kamloops, Rob will begin his work with the district in early August. Please pray for Rob, Cherise, and their youngest son as they move to Okotoks and settle in their new role.

**LeadBeyond** Honour the Past Build the Future

I am totally excited over our EFCC initiative to fund leadership preparation into the future. If we do not build our future leaders, we will be done. I'm on board with prayer and my \$10 per year for three years. Why not join me? If you haven't heard of the initiative or would like more information, visit [www.efcc.ca](http://www.efcc.ca).
