***Next Steps in Formalizing
the New EFCC National Structure**

In May the EFCC delegates to the National Conference voted to implement a new structure as an organization. The focus of the change was to link our National and District ministries by creating formal ties between the two organizations. Going forward, District Board Reps will serve on the EFCC National Board and District Superintendents will serve on the EFCC National Ministries Committee which gives direction to ministry across our Canadian context.

The next question is how to formalize the link by bringing clarity to who is responsible for what aspects of our ministry in the EFCC? Looking for answers to this question will be the focus of our time together. Marvin Penner serves as the chairman of the Governance Committee of the EFCC and George Budd is the chairman of the EFCC Board. They are working closely together to bring clarity concerning the details of the structural change that will be presented for approval at the 2020 National Conference in Edmonton. They will be seeking your input during this time of discussion.
