

MINISTRY OPPORTUNITY

Foremost Evangelical Free Church is currently looking for a Pastor.

Foremost is a small, agriculture-based community in southern Alberta, located about an hour southwest of Medicine Hat. The town has a K-12 school, several businesses including grocery and hardware, post office, and library. There is a 9-hole golf course, skating and curling rinks, and outdoor pool/ splash park. There is also construction about to start on an indoor riding arena.

Our church family is multigenerational and from various cultural and faith backgrounds. We are the only evangelical church in the community and have come together to provide a God-centered environment to welcome people to learn more about Jesus and each other. We currently run Sunday School classes for all ages, including adults. We have an active youth group, as well as women's Bible studies. Our church also coordinates a weeklong community VBS program in the summer.

There is a 1200 sq. ft house available. It has a full basement, large, fenced backyard, and all appliances included. There is also a new detached garage/ shop.

We are praying for a Pastor who fits the characteristics of a Godly leader (I Timothy 3) and who feels called to our community. We are looking for a Shepherd for our congregation, with strong Biblical preaching and teaching. A pastor coming to our area needs to be willing to engage with those around him in both the church and community.
